PRINCIPAL FUNCTIONS OF THE PUBLICATIONS BRANCH

The publications Branch of the Department of Public Printing and Stationery is under the direction of the Superintendent of Government Publications. It is entirely a service agency engaged in cataloguing and distributing publications of the Federal Government.

It discharges four primary functions all provided for by legislation and Treasury Board Regulations.

(a) **Compilation and issuance of official catalogues and price lists**

Daily Checklist

The bilingual **Daily Checklist**, published mainly for administrative convenience, is issued Monday through Friday except public holidays. It records all government publications so that they are readily accessible to the Public Service and the public and quickly made known to libraries. Produced in loose-leaf form, the Daily Checklist is mailed to all who need day-to-day information on what is being published by Parliament and the various departments of the Government of Canada. The material which appears in the Daily Checklist is used to compile a monthly catalogue. All those who are entitled by law or regulation to a free copy of government publications receive the Daily Checklist automatically and without charge.

Monthly Catalogue

The bilingual **Monthly Catalogue of Government Publications** is a comprehensive listing of all official publications, public documents and papers, not of a confidential nature printed or "processed" at government expense by authority of Parliament or that of a Department, Commission, Board, Corporation, etc., of the Government, including publications bought at public expense for use of, or distribution to, Members of Parliament, public officials or the public.

For information purposes only, it also lists those few publications with an extremely limited distribution and not available to the public and which, at the issuing department's request, are not in the Daily Checklist for reasons peculiar to the department concerned.

Each issue of the Monthly Catalogue contains all items listed in the Daily Checklists during the previous month and is ready for distribution during the third week of the following month. Prices and distribution policy are stated for each title listed for the guidance of prospective buyers, librarians and the interested public.

Consolidated Catalogue, 1953

The **Canadian Government Publications Consolidated Catalogue, 1953**, supersedes the Catalogue of 1948 and supplements to 1952 and incorporates all the entries from the Monthly Catalogue of Canadian Government Publications, January to September, 1953 inclusive. This catalogue, published in separate English and French editions, records free as well as priced publications, whether distributed by the Queen's Printer or by the various issuing agencies.

Annual Catalogue, 1954-

The **Annual Catalogue, 1954**, is a supplement to the Consolidated Catalogue 1953. It lists all federal publications received and noted by the Publications Branch from October, 1953 to December 1954 inclusive and is also published in French.

The bilingual **Annual Catalogues of Canadian Government Publications for 1955 and after** are consolidated lists of the publications issued during those years. They cumulate the issues of the Monthly Catalogue of Canadian Government Publications, from January to December.

Sectional Catalogues

The sectional catalogues series will provide, when completed, a comprehensive record of all publications available for purchase arranged according to Government departments and including a selection if important related publications issued by Parliament, and by the various departments and agencies of the Government of Canada. The **Sectional Catalogues** will provide a subject approach to the many thousands of publications which form the sales stock of the Queen's Printer.

The following department sectional catalogues are now available: Labour Publications, September 1963; Northern Affairs and National Resources Publications, April 1963; Mines and Technical Surveys Department, Mines Branch Publications, July 1962; Forestry August 1963 and Dominion Bureau of Statistics, November, 1964.

Selected Titles Bulletins

Published periodically, in French or in English, they contain short notes of current government publications. The contents of each book are briefly described and an order form accompanies each bulletin. Anyone interested may receive these bulletins simply by sending a postcard to the Queen's Printer asking to be placed on the Selected Titles mailing list.

(b) Sale of Government publications

The distribution of official documents on a commercial basis is the responsibility of the Queen's Printer.

Remittances

It is required by law that remittance be made in advance of shipment of publications. Cheque or money orders should be made payable to the Receiver General of Canada. Currency may be sent at sender's risk. Postage stamps and foreign money are not accepted.

Discounts

A discount of 40 per cent is allowed to all booksellers and those others engaged in the retail sale of miscellaneous or annual publications of the Canadian Government and 25 per cent on those sold on subscription basis and issued at regular or indefinite times.

A "quantity" discount of 25 per cent is allowed to purchasers of 100 copies or more of the same publication delivered to one address.

These publications shall not be overprinted with any advertising matter.

Deposit accounts

To avoid waiting for quotations and sending individual remittances, those who expect to purchase Canadian Government publications regularly may open a deposit account with the Superintendent of Government Publications. The minimum deposit is ten dollars (\$10.00). A deposit account number is assigned to the customer which he will quote when ordering publications. All orders are charged to the account and a regular balance statement is forwarded to the depositor with each order he has placed and which has been processed by the Branch.

Charge accounts

Government departments and agencies, federal and provincial, may open charge accounts with the Superintendent of Government Publications.

Postage charges

Foreign buyers are urged to inquire before ordering a document to ascertain if it is still in stock and also the special selling price which may apply. To cover cost of postage this price may be up to 30 per cent higher than the catalogue price. Remittance from foreign countries should be made payable to the Receiver General of Canada by international money order, by draft on a Canadian or an American bank, or by way of UNESCO coupons. No extra charge for postage is made on documents shipped to points in Canada, the United States and Mexico.

(c) Distribution of official publications to designated depository libraries and to persons and institutions entitled to receive them free of charge

The Queen's Printer is required by regulations to furnish free of charge one copy of any government publication not of a confidential nature, to designated classes of libraries in Canada, for preservation and educational purposes, so that all the public may have access to all government publications.

Libraries are expected to accept, shelve and preserve, classify and catalogue all government publications sent to them, and to assume full responsibility as depository libraries.

In the discharge of their official duties certain persons and institutions require Canadian Government publications. In such cases the Queen's Printer is authorized to supply copies of necessary documents free of charge.

Full depositories

The full-depository libraries are entitled to receive one copy of every publication of the Parliament or Government of Canada which is made available to the Superintendent of Government Publications for distribution.

Selective depositories

Selective-depository libraries are entitled to select any series of government publications they are able to adequately place at the disposal of the public.

The Daily Checklist incorporates the functions of a Depository Invoice for full-depository libraries and of an Order Form for selective-depository libraries. To receive the selection they have applied for, selective-depository libraries must make application within thirty days after receiving the issues of the Daily Checklist in which the desired items appeared.

Depository libraries abroad

Some foreign libraries may be granted the same privileges as depository libraries in Canada. Foreign depositories appear on a list which is drawn up and revised annually by the Department of External Affairs of Canada. When a foreign library's application is accepted for designation as a depository of Canadian Government publications, it is on condition that it will assume the same obligations placed on similar depository libraries located in Canada.

(d) Mailing service for other agencies of the Government including the maintenance of mailing lists

Included in Publications Branch functions are facilities and equipment for periodical addressing and mailing of publications sold by the department and/or free distribution on behalf of departments issuing such literature.

It is required that orders must be paid in advance of shipment of publications.

To avoid waiting for quotations and sending small individual remittances, those who expect to purchase Canadian government publications regularly may find it convenient to open a deposit account with the Queen's Printer. Deposits of \$10.00 or more are accepted against which orders may be placed. Orders are charged to the account and regular statements forwarded.

Cheques or money orders should be made payable to the Receiver General of Canada. Postage stamps are not acceptable.

No extra charge is made for postage on documents forwarded to points in Canada, United States and Mexico. Cost of postage is added to the selling price of publications being mailed to other countries. Please enquire.

All prices are subject to change without notice.

FREE DISTRIBUTION

The Daily Checklist is the only medium for obtaining official publications free of charge from the Queen's Printer. The Daily Checklist is the form used by persons and institutions entitled to receive one free copy of each publication by authority of Treasury Board Regulation T.B. 477983 of March 31, 1955. Requests for free publications received on a form other than the Daily Checklist cannot be honoured.

CANADIAN ARMY

Sirange battle-ground: official history of the Canadian Army in Korea, by Lt. Col. Herbert Fairlie Wood. Maps by Sergeant E. H. Ellwand. Ottawa, 1966. 317p. Illus., maps (2 folded). 26cm. Cloth bound.

Prepared in the Army Historical Section.

This book deals with the part played by the Canadian Army during the United Nations intervention in the Korean war. The force involved was small compared to the armies Canada sent abroad in the First and Second World Wars. As a result, it has been possible to include both defence policy and military operations in one volume and greater space has been available both for an examination of administrative problems and a closer look at the battlefield than was the case in previous volumes of the Army's history.

PRINCIPALES FONCTIONS DU SERVICE DES PUBLICATIONS

Sous la direction du Surintendant des publications de l'État, le Service des publications du département des Impressions et de la Papeterie publiques est chargé de conserver et de distribuer les publications du gouvernement fédéral. Voici en résumé les quatre principales fonctions qu'il doit remplir en vertu de la loi et des directives du Conseil du Trésor.

a) La compilation et la publication des catalogues et listes de prix

Liste quotidienne

La **Liste quotidienne** bilingue, publiée pour fins administratives, ne paraît pas le samedi, le dimanche et les jours de congé public. Son but est de renseigner quotidiennement des membres du Parlement et les fonctionnaires du gouvernement, ainsi que les bibliothèques du pays et autres personnes intéressées, sur les publications fédérales au fur et à mesure de leur parution ou de leur mise en circulation. Publiée sur feuilles mobiles pour être conservées dans un auto-relieur, si désiré, la Liste quotidienne est adressée automatiquement et sans frais à toutes les personnes ou institutions autorisées à recevoir gratuitement les publications officielles. Les ouvrages paraissant dans la Liste quotidienne sont relevés dans le catalogue mensuel.

Catalogue mensuel

Le **Catalogue mensuel** bilingue donne la liste aussi complète que possible des publications officielles et documents non confidentiels imprimés ou « polycopiés » aux frais du gouvernement et en vertu de l'autorité du Parlement ou d'un ministère, d'un bureau, d'une commission ou agence quelconque du gouvernement, y compris les ouvrages achetés aux frais du public pour distribution aux membres du Parlement, aux fonctionnaires ou au public.

C'est pourquoi on y trouvera des renseignements sur certaines publications qui n'ont pas paru dans la Liste quotidienne. Parmi celles-ci, il y a les réimpressions et les tirés-à-part d'ouvrages déjà distribués. Chaque numéro du Catalogue mensuel est la compilation des Listes quotidiennes d'un mois complet et il est préparé de façon à paraître dans la troisième semaine du mois suivant.

Les prix, de même que la méthode de distribution, sont indiqués pour chaque publication, dans le but de renseigner les clients, les bibliothécaires et tout groupement intéressé.

Catalogue général 1953

Le **Catalogue général des publications du gouvernement canadien, 1953**, remplace le catalogue de 1948, et les suppléments publiés en 1951. Il remplace également les Catalogues mensuels des publications du gouvernement canadien, de janvier à décembre 1953, inclusivement.

Dans la mesure du possible, le Catalogue général est la liste de toutes les publications imprimées en français, en vente chez l'Imprimeur de la Reine ou disponibles dans les divers organismes de l'État le 1^{er} janvier 1954.

Catalogues annuels, 1954-

Les **Catalogues annuels** bilingues depuis 1954 sont la compilation des catalogues mensuels des publications du gouvernement canadien, publiées au cours des mois de janvier à décembre de ces années.

Bibliographies spéciales

La série des **bibliographies spéciales** formera, une fois terminée, un répertoire compréhensif des publications fédérales groupées selon les ministères ou sous un titre plus représentatif. Ces bibliographies, par vedette-matière, feront mieux connaître les milliers de publications en magasin chez l'Imprimeur de la Reine.

Les bibliographies suivantes sont maintenant disponibles: n° 10 (bilingue) «Publications concernant le travail», septembre 1963; n° 11 (bilingue) «Publications du Nord canadien et des Ressources nationales», avril 1963; n° 12 (bilingue) «Division des mines, ministère des Mines et des Relevés techniques», juillet 1962; Forêts, août 1963 et le Bureau fédéral de la statistique, novembre 1964.

Titres choisis

C'est en préparant des bulletins de **Titres choisis** que le Service des publications espère renseigner le public sur les ouvrages récents ou d'intérêt général qu'il a en vente. Publiés dans la langue des publications à annoncer, ces Titres choisis paraissent sous forme de cartes postales ou de dépliants. On y trouve une brève description des publications et une formule de commande pratique. Ceux qui veulent recevoir cette publicité n'ont qu'à faire parvenir leur nom et adresse à l'Imprimeur de la Reine, Ottawa.

b) La vente des publications gouvernementales

L'Imprimeur de la Reine est responsable de la vente des documents officiels de l'État au grand public.

Remise

Chaque commande doit être payée d'avance. Les mandats de postes, les mandats de messageries ou les chèques visés doivent être faits payables à l'ordre du Receveur général du Canada et adressés à l'Imprimeur de la Reine à Ottawa. Les remises en billets de banque et en monnaie sont acceptées mais aux risques du client. Les timbres-poste et l'argent étranger ne sont pas acceptés en paiement des publications.

Les commandes venant de pays étrangers doivent être payées à l'avance au moyen de mandats de poste internationaux, de chèques visés d'une banque canadienne ou américaine ou de bons de l'UNESCO. Ces clients sont priés de nous écrire avant d'envoyer une somme d'argent. Les publications qu'ils désirent ne sont peut-être plus en magasin et le prix à l'étranger peut être différent du prix canadien à cause des frais de poste.

Rabais

Un escompte de 40% est accordé aux libraires ou à toute personnes ou agence engagés dans la vente au détail des publications annuelles ou autres du Gouvernement canadien et 25% sur celles vendues par abonnement et publiées à intervalles réguliers ou irréguliers.

Un rabais de 25% est aussi alloué à toute personne, institution ou association pour l'achat de 100 copies ou plus d'un même titre expédiées à une même adresse.

Aucune réclame publicitaire ne peut être imprimée sur ces publications.

Comptes de dépôt

Les personnes qui achètent régulièrement les publications de l'État peuvent ouvrir un compte de dépôt. Elles éviteront ainsi les envois répétés de petites sommes, ainsi que les retards dus aux demandes de renseignements au sujet des prix. Le dépôt minimum est de dix dollars (\$10).

Le client doit donner son numéro de compte en plaçant ses commandes. Après chaque déduction de ce compte, un relevé est envoyé indiquant la balance en dépôt.

Comptes courants

Les ministères ou agences du gouvernement fédéral ou des gouvernements provinciaux peuvent ouvrir un compte courant auprès du Surintendant des publications de l'État.

Frais de poste

Les envois à destination du Canada, des États-Unis d'Amérique ou du Mexique sont expédiés franc de port. Pour les autres pays, une surcharge allant jusqu'à 30% du prix des publications peut être exigée pour couvrir les frais de poste.

c) Distribution des publications officielles aux bibliothèques dépositaires autorisées et aux personnes et institutions ayant droit de les recevoir gratuitement

L'imprimeur de la Reine est tenu en vertu de la loi de fournir gratuitement un exemplaire de toutes les publications d'État, qui ne sont pas de nature confidentielle à un certain nombre de bibliothèques canadiennes, pour que la population ait un accès facile aux publications officielles.

Les bibliothèques dépositaires doivent mettre sur leurs rayons les publications qu'elles reçoivent, les cataloguer, les classer, et assumer leur rôle de dépositaires.

En raison de leur responsabilité publique, certaines personnes et institutions, doivent recourir à la documentation officielle de l'État. L'Imprimeur de la Reine doit leur fournir gratuitement un exemplaire de toutes les publications demandées.

Bibliothèques dépositaires totales

Les **bibliothèques dépositaires totales** reçoivent un exemplaire de toutes les publications qui apparaissent dans la Liste quotidienne des publications du Gouvernement canadien.

Bibliothèques dépositaires partielles

Les **bibliothèques dépositaires partielles** sont autorisées à choisir parmi les publications paraissant dans la Liste quotidienne celles qu'elles mettront à la disposition du public. Pour profiter de ce privilège, ces bibliothèques doivent utiliser la Liste quotidienne comme formule de commande et faire leur demande dans les trente jours.

Bibliothèques dépositaires à l'étranger

Quelques **bibliothèques à l'étranger** peuvent obtenir les mêmes avantages que les bibliothèques dépositaires canadiennes si elles consentent à suivre les mêmes règlements. Les demandes à ce sujet doivent être adressées au ministère des Affaires extérieures du Canada. La liste de ces bibliothèques est révisée chaque année.

d) Expédition postale et maintien des listes de distribution

Le Service des publications est organisé pour distribuer rapidement par la poste tous les périodiques qu'il vend. De plus, il met le même service à la disposition des ministères pour l'expédition de leurs périodiques distribués gratuitement au public.

EXPLICATIONS DES SYMBOLES DE DISTRIBUTION

- * En vente chez l'Imprimeur de la Reine, Ottawa, Canada.
- † Distribution générale ou restreinte par l'auteur de la publication.
- ‡ Aucune distribution.
- Un exemplaire gratuit sur demande dans les délais et selon les termes prescrits par le règlement du Trésor 477983 aux personnes ou institutions autorisées.
- • Pour la distribution gratuite des périodiques concernés, une liste de distribution est maintenue et les livraisons sont employées directement.

GUIDE DE L'ACHETEUR

Les publications inscrites dans ce catalogue qui sont accompagnées d'un prix et marquées d'un astérisque (*) sont en vente chez l'Imprimeur de la Reine, Ottawa. Quand le symbole de distribution est une croix (†), la commande doit être envoyée directement aux ministères ou organismes responsables de ces publications.

Toute commande est payable à l'avance et l'expédition des volumes ne se fait que sur réception de la remise exigible.

Pour éviter les paiements répétés de sommes minimes avec chaque achat de publication du gouvernement canadien, des personnes qui prévoient acheter régulièrement des publications officielles peuvent établir un Compte de Dépôt chez l'Imprimeur de la Reine.

Des dépôts de dix (\$10.00) dollars ou plus sont acceptés auxquels le prix des publications commandées est imputé. Des relevés de compte sont ensuite expédiés régulièrement aux clients. Le solde est remboursable sur demande.

Les remises se font par mandats-poste ou chèques visés, payables au Receveur général du Canada. Les timbres-poste ne sont pas acceptés.

L'expédition postale pour colis à destination du Canada, des États-Unis et du Mexique ne comporte aucuns frais supplémentaires; pour tous les autres pays, les frais de port sont ajoutés au prix de vente des publications. Veuillez vous informer.

Tous les prix sont sujets à changement sans avis préalable.

DISTRIBUTION GRATUITE

Les personnes et les institutions qui, en vertu du règlement du Trésor du 31 mars 1955 (T.B. 477983), sont autorisées à demander un exemplaire gratuit de chaque publication, doivent se servir de la Liste quotidienne publiée par l'Imprimeur de la Reine. Toutes les commandes faites par lettres ou sous une autre forme que la Liste quotidienne doivent être accompagnées de la remise nécessaire.

COMITÉS PARLEMENTAIRES

Les règlements de ce bureau exigent que toute commande soit strictement payée à l'avance. Pour éviter les paiements répétés de sommes minimes avec chaque achat de publications du gouvernement canadien, nous vous invitons à vous prévaloir du système commode de Comptes de Dépôt. Pour ouvrir un Compte de Dépôt, vous n'avez qu'à faire parvenir votre chèque ou mandat-poste, fait payable au Receveur général du Canada, à l'Imprimeur de la Reine, Ottawa. Un numéro de compte vous est alors assigné lequel vous mentionnez tout simplement sur chaque commande. Le prix des publications y est imputé et des relevés de Compte, mis à jour, vous seront expédiés régulièrement. Le dépôt minimum est de \$10.00.

Procès-verbaux et témoignages des COMPTES DE DÉPÔT

2^e session, 27^e parlement, 1967

Pour éviter tout retard et faciliter l'expédition des procès-verbaux et témoignages des divers Comités des deux Chambres du Parlement, qui seront formés au cours de la 2^e session du 27^e parlement, nous vous invitons à vous prévaloir du système commode de Comptes de Dépôt. Pour ouvrir un tel compte, vous n'avez qu'à faire parvenir à l'Imprimeur de la Reine, un chèque ou mandat de poste de \$10.00 ou plus.

ARMÉE CANADIENNE

Singulier champ de bataille: histoire officielle de l'Armée canadienne en Corée, par le Lt-Col. Herbert Fairlie Wood. Cartes par le Sergeant E. M. Ellwand. Ottawa, 1966. 354p. Ill., cartes (2 hors-texte). 26cm. Relié toile.

Préparé dans la Section historique de l'Armée.

Le présent ouvrage traite du rôle qu'a joué l'Armée canadienne au cours de l'intervention des Nations Unies dans la guerre de Corée. Le contingent canadien était peu de chose comparativement aux armées que le Canada envoya outre-mer lors de la première et de la seconde guerres mondiales. Aussi, a-t-il été possible d'inclure et la politique de défense et les opérations militaires dans un seul volume, et de consacrer un plus grand nombre de pages tant à l'étude des problèmes administratifs qu'à une analyse plus approfondie du champ de bataille que ce ne fût le cas dans les volumes précédents consacrés à l'histoire de l'Armée.

MARINE ROYALE DU CANADA

Opérations navales du Canada dans les eaux coréennes, 1950-1955, par Thor Thorgrimsson et E. C. Russell. Ottawa, 1965. Imprimé, 1966. 178p. Ill., tableaux, organigrammes, cartes. 28cm. Relié toile.

Préparé dans la Section historique de la marine, Quartier général des forces canadiennes.

L'histoire de la Marine canadienne est le thème central de ce livre, mais le déroulement de la guerre dans son ensemble, n'est pas négligé pour autant. Les combats qui se livrèrent sur terre et dans les airs, ainsi que les débats non moins épiques qui animèrent les négociations d'armistice, de même que leurs effets sur la guerre navale, sont constamment portés à l'attention du lecteur.

Région du nord-est du Nouveau-Brunswick: Entente fédérale-provinciale sur le développement rural, 1966. Ottawa, 1966. 35p. Tableau, carte. 22cm. Broché.

Le Fonds de développement permet de financer et de mettre en application certains programmes de développement des régions rurales où le marasme économique et social est enraciné si profondément que les programmes gouvernementaux ordinaires destinés à ces régions ne peuvent à eux seuls remédier immédiatement à la situation. Les régions qui font l'objet d'une entente de ce genre sont handicapées par un état de pauvreté chronique et un faible niveau d'instruction et, par conséquent, désavantagées sur le plan économique et social. Ces pages donnent le texte complet de l'entente sur le nord-est du Nouveau-Brunswick.

1.—**Géologie et ressources minérales du Canada.** Rédigé par C. H. Stockwell en collaboration avec ses collègues de la Commission géologique du Canada. 1965. 573p. Ill., tableaux, figs. (7 tableaux, 3 figures et 1 carte en pochette).

Le présent ouvrage est une traduction de la publication intitulée «Geology and Economic Minerals of Canada—Fourth Edition», parue en 1956. L'expansion considérable de l'industrie minière depuis la publication de la version anglaise a mis les auteurs dans l'obligation d'apporter plusieurs changements importants au chapitre se rapportant à la production minière au Canada dont la statistique remonte à 1962.

Arriération mentale au Canada. Rapport de la Conférence fédérale-provinciale tenue à Ottawa, Ontario, du 19 au 22 octobre 1964. Ottawa, 1965. 323p. 22cm. Cartonné.

Publié par le Service de l'information.

Les délibérations de cette première Conférence canadienne fédérale-provinciale sur l'arriération mentale sont entièrement reproduites dans ce document. Puisque le but principal de la Conférence était de suggérer des mesures pratiques pour coordonner et améliorer les services de prévention, de traitement, de formation et d'emploi pour les arriérés mentaux, il semblait désirable de donner à ces textes une large diffusion avec l'espoir d'en faire en quelque sorte un guide pour l'action présente et une règle pour mesurer les progrès futurs.

Publicity

New titles received by the Queen's Printer are listed in the Monthly and Annual catalogues of Canadian Government Publications. Lists or catalogues issued from time to time by these organizations may be obtained upon request from the Queen's Printer, Publications Division, International Publications Section.

Circulars.—The Department maintains mailing lists to ensure that interested persons receive the "Selected Titles", leaflets and other promotional literature by means of circulars and bulletins when new titles of importance appear.

How to order

For general instructions concerning remittances, discounts and deposit accounts *see* page 10 of this catalogue.

Bibliographical informations needed.—Customers are requested to give, in each case complete identification of the publications requested, such as: name of the author-organization, title, year of publication, serial or periodical number, sales number, classification number and the like. In certain cases, it is prudent to cite also the source of information for the required publication.

Publications out of stock.—Publications which are no longer in stock in Ottawa will be re-ordered, and in such cases certain delays in filling customer's demands may become inevitable.

Publicité

Les nouvelles publications reçues par l'Imprimeur de la Reine sont relevées dans le catalogue mensuel et annuel des publications du Gouvernement canadien. On peut aussi se procurer sur demande les listes ou catalogues publiés par ces organismes en s'adressant à l'Imprimeur de la Reine, Division des Publications, Section des publications internationales.

Circulaires.—Le département maintient des listes de distribution pour sa série de « Titres choisis » et pour expédier aux personnes qui le désirent divers feuillets publications concernant les principaux ouvrages en vente.

Commandes

Les renseignements généraux au sujet des remises, des rabais et des comptes de dépôts se trouvent X la page 264 de ce catalogue.

Renseignements bibliographiques requis.—Nos clients sont priés de fournir les renseignements bibliographiques qui permettront l'identification des publications commandées, à savoir: 1° le nom de l'organisation (auteur), le titre, l'année de publication; 2° le numéro de publication ou de série, le numéro de vente, ou la cote de la publication lorsqu'il y en a. Il sera prudent lorsque les renseignements précédents sont incomplets, de donner la source de l'information.

Publications pas en magasin.—Bien que le Département tente de maintenir un bon stock des publications des organisations internationales, certains titres peuvent n'être pas en magasin et dans ce cas, un certain délai sera nécessaire pour remplir la commande reçue.

Subscription

Subscriptions to periodicals are accepted but the organizations themselves look after mailing and they send out renewal notices. Back-numbers, however, are shipped from Ottawa. A price list of UN and UNESCO periodicals is appended.

Abonnements

Le Département accepte les abonnements aux périodiques et les organisations voient à l'expédition des numéros courants et des avis de renouvellement. Les numéros déjà parus sont expédiés d'Ottawa.
